1. Executive Overview: Built to Deliver Where Complexity Is Real

Founded in 2010 by a group of seasoned Afghan professionals, **PUL Consulting Services** has evolved over more than 14 consecutive years into one of Afghanistan's foremost multidisciplinary management consulting, PMO governance, institutional capacity building, and operational deployment firms. Initially incorporated under License # D-34532 with the Afghanistan Investment Support Agency (AISA) and registered with the Ministry of Commerce and Industries (MoCI Reg # 21679), PUL Consulting delivers high-impact technical assistance, large-scale workforce outsourcing, enterprise technology, and turnkey field logistics for international bilateral donors, multilateral development banks, Fortune Global 500 enterprises, and public sector institutions.

Our operational philosophy—***"Bridging the Gap"***—reflects our proven capability to translate high-level international donor mandates and commercial strategies into rigorously governed, culturally attuned, and audit-compliant ground execution across challenging, austere, and transition environments. We operate continuous physical offices in Kabul alongside provincial coordination networks enabling 72-hour mobilization across 15+ provinces.

Together with our U.S.-incorporated sister entity, **PUL Global Partners LLC** (Stafford & Fairfax, Virginia; SAM.gov CAGE: 08P09, UEI: UZHKYJLD5YK9), our global linguistic division **Linguist Point International**, and our technology partner **Quantu Tech LLC**, PUL Consulting operates an agile dual-continent delivery network that pairs Western compliance standards (FAR/DFARS, USAID ADS, PMI PMBOK) with an established, trusted ground operational infrastructure.

OUR GUIDING CORPORATE VALUES

• **Professionalism:** Practicing internationally recognized methodologies tailored to local conditions. • **Transparency & Accountability:** Uncompromising fiduciary integrity, clear paper and digital audit trails. • **Integrity & Fiduciary Rigor:** Zero tolerance for corruption; strict adherence to tax and labor legislation. • **Excellence & Result-Based Management:** Focusing on verifiable outcomes rather than mere activities. • **Customer & Stakeholder Dedication:** Cultivating multi-year institutional relationships founded on trust and responsiveness.

2. Key Quantitative Track Record (Demonstrated Scale)

14+ YEARS Continuous Operation (2010–Present)	**30+ PROGRAMS** Flagship Multidisciplinary Projects	**1,000+ STAFF** Specialized Personnel Deployed
10,000+ TRAINED Police, Civil Servants & Engineers	**500+ AGENTS** 24/7 Call Center Agents Managed	**100% CLEAN** Audit & Fiduciary Compliance Record

3. Core Practice Platforms: 15 Capabilities Across 4 Strategic Pillars

Drawing upon 14 years of ground implementation and fully aligned with our corporate practice architecture, PUL Consulting Services delivers **15 Specialized Capabilities structured across 4 Strategic Pillars**:

Pillar I: Strategic PMO, Governance & Institutional Capacity

1. Project Management & PMO Support (RBM Frameworks): Turnkey Project Management Office (PMO) setup; Result-Based Management (RBM) frameworks; Work Breakdown Structures (WBS); Earned Value Management (EVM); risk registers, issue escalation, and inter-ministerial liaison clearance. **2. Training & Institutional Capacity Building:** Master Training of Trainers (MToT) curricula design; certified engineering and construction management (FIDIC, QA/QC, AutoCAD) for 300 graduates under USAID ASMED; public policy and parliamentary administration training for the Afghanistan National Assembly (Wolesi Jirga); soft skills for 6,800+ personnel with GIZ. **3. Independent Monitoring, Evaluation & Learning (MEL / TPM):** Third-party independent monitoring (TPM) in remote and austere zones; digital mobile surveys (Kobo, ODK); baseline, midline, and endline econometric evaluations; Data Quality Assessments (DQA) adhering to USAID ADS guidelines. **4. Youth & Women Economic Empowerment:** Demand-driven competency training; verified private sector job placements (achieving >70% audited job placement under USAID AWDP); business development services and entrepreneurship support.

Pillar II: Technology Modernization, Applied Enterprise AI & Outreach

5. AI Implementation & Digital Transformation (NEW CAPABILITY): Enterprise AI adoption roadmaps and workflow automation; bilingual (Dari, Pashto, English) automated document intelligence, classification, and OCR extraction; Retrieval-Augmented Generation (RAG) knowledge systems on internal institutional archives; digital operational maturity assessments, engineered in partnership with Quantu Tech LLC. **6. IT Infrastructure, Networks & Enterprise Cloud:** Structured LAN/WAN cabling, server rooms, tier-1/tier-2 switching fabrics, and secure wireless networks (demonstrated under the Government Media and Information Center - GMIC project with TAF); managed firewalls, VPNs, and cloud migrations. **7. Media Production, Broadcast Video & Public Outreach:** High-definition documentary production, training videos, and civic education campaigns; professional 3D animation delivered in partnership with Afghan Animation Foundation Group (A2FG); mass-media broadcasting and media monitoring.

Pillar III: Workforce Outsourcing, 24/7 Operations & Mission Logistics

8. Human Resources & Manpower Outsourcing: Nationwide technical and administrative recruitment; multi-year master employment agreements; Afghan Labor Law compliance; work authorizations and expatriate visa processing; continuous 9+ year master HR and payroll agreement supporting Huawei Technologies Ltd. **9. Call Center & Customer Support Operations:** Pioneered turnkey call center operations for Etisalat Afghanistan; recruited, trained, and supervised over 500 trilingual customer service agents, shift supervisors, and HR coordinators across 24/7 multi-shift schedules with strict SLA compliance. **10. High-Level Protocol Events & Diplomatic Summits:** Full protocol, VIP delegate logistics, and financial administration for historic ministerial summits, including the Kabul International Conference and Consultative Peace Jirga under Dr. Ashraf Ghani's coordination office. **11. Supply Chain, Fleet Logistics & Austere Field Procurement:** Armored and

soft-skin vehicle dispatch; driver vetting; warehousing; office furniture, IT equipment, fuel, connex containers, and austere field logistics across 15+ provinces.

Pillar IV: Legal, Linguistic & Enabling Governance Support

12. Business Registration, Market Entry & Corporate Structuring: End-to-end commercial licensing with MoCI; Tax Identification Number (TIN) acquisition; commercial chamber registrations; municipal permits; legal entity structuring for foreign primes. **13. Financial Management, ERP Accounting & Tax Compliance:** Standardized accounting systems, cloud ERP, financial audits, and Ministry of Finance taxation clearance certificates (BRT, wage withholding) with unblemished zero-audit-finding record. **14. Translation & Simultaneous Interpretation:** Accredited native translation across English, Dari, and Pashto (and 100+ languages via Linguist Point International); digital soundproof interpretation booths and wireless receivers; long-term linguistic partner to AUAf, ADB, British Council, and The Asia Foundation. **15. Secure Compound Operations, Lodging & Halal Catering:** International standard accommodation and lodging in Kabul Green Zone and gated camps near HKIA airport; commercial kitchen operations; catering service for over 6,800 participants across 15 provinces under GIZ; floor management for catering service under U.S. Embassy Annex mission support.

4. Execution Discipline: The Governed 5-Gate Delivery Lifecycle

Projects rarely fail during conceptual design; they fail at the fragile intersection of field realities, local staffing, vendor coordination, compliance hurdles, and reporting disciplines. PUL Consulting governs every assignment through our sequential, audited **Governed 5-Gate Delivery Framework**:

GATE 01 DISCOVER & ALIGN	**Stakeholder Alignment & Baseline Diagnostic:** Engage donors, community leaders, and commercial primes; analyze operational constraints, regulatory rules, and site security; formulate detailed Project Charter and risk baselines.
GATE 02 MOBILIZE & CHARTER	**Rapid Resource Deployment (72-Hour Standard):** Recruit and vet localized personnel; establish field offices and secured transport corridors; onboard local suppliers; issue Work Breakdown Structure (WBS) and communication matrices.
GATE 03 GOVERNED EXECUTION	**Milestone Controls & Quality Governance:** Milestone-driven execution with bi-weekly sprint reviews; daily ground supervision; continuous QA/QC checks; proactive issue escalation and immediate problem resolution.
GATE 04 EVIDENCE & AUDIT	**Evidence-Based Verification & Fiduciary Audit:** Independent field verification; mobile data auditing; financial reconciliations; statutory tax payment receipts; compile complete donor-compliant evidence dossiers.
GATE 05 TRANSITION & VALUE	**Institutional Handover & Sustainability:** Formal capacity transfer to client counterparts; debriefing sessions; post-project impact assessments; comprehensive project closeout and 7-year statutory archival.

5. Comprehensive Past Performance & Implemented Project Portfolio

The following master table documents representative contracts and assignments successfully delivered by PUL Consulting Services and its management team across Afghanistan:

High Office of Conference Coordination / Dr. Ashraf Ghani's Office	Events Management, Protocol & Financial Administration for Historic Summits	2010 – 2011 Completed	Delivered senior financial administration and protocol management for the Kabul International Conference and National Consultative Peace Jirga.

6. Executive Leadership & Practice Principals

PUL Consulting Services is steered by a multidisciplinary executive leadership team holding advanced degrees from leading institutions and certifications from the United States, India, and Europe. Our permanent core team of over 50 national specialists guides nationwide delivery:

MOHAMMAD AMIN SHAFIEE — Chief Executive Officer (CEO)

Mr. Mohammad Amin Shafiee is the founder and CEO of PUL Consulting Services. He holds a Bachelor's Degree in Liberal Arts from the American University of Afghanistan (AUAf) in Kabul and Mahatma Gandhi University (India), alongside a Diploma in Management and Information Technology from CMI Institute. He holds prestigious professional certifications from the United States, including Project Management Professional (PMP®), Certified ScrumMaster (CSM®), and Business Analyst (BA). Amin has completed specialized international executive training in project management, strategic communications, conflict management, and public diplomacy across the United States, United Kingdom, Germany, Turkey, India, Japan, Kyrgyzstan, and Macao. With over 18 years of senior leadership experience, Mr. Shafiee previously served as Strategic Planning Advisor and ANDS Coordinator at the Programs Deputy Minister's Office (MRRD), Member of the Management and Policy Pillar at the historic Af-Pak Joint Peace Jirga, and Consultant at Peace Dividend Trust / CIDA. He has directed major initiatives funded by UN agencies, USAID, and international telecommunications operators, championing Result-Based Management across Afghanistan.

MS. HAJIRA — Vice President & Director of Financial Governance

Ms. Hajira holds a Master of Business Administration (MBA) from the Indian Institute of Management Studies, a Master of Arts (MA) in Economics from Goa University (India), and a Bachelor's Degree in Macro Economics from Kabul University. She brings over 15 years of senior executive experience directing corporate financial management, statutory accountancy, macroeconomic policy, and international donor audit compliance. Serving as Director of Financial Management and Vice President at PUL Consulting Services since 2013, Ms. Hajira previously directed international financial relations at Etisalat Afghanistan, managing multi-million-dollar inter-operator financial settlements worldwide. In 2010, she directed the Financial Management Department at the Office of the Coordinator for the historic Kabul International Conference. Earlier in her career, she served as Senior Finance Officer at Azizi Bank, instituting foundational banking controls and liquidity management protocols.

PAIMAN A. NASIRI — Director of Project Management & PMO Governance

Paiman Nasiri holds a Bachelor of Arts in Law (BA-LL.B) from the American University of Afghanistan (AUAf) and a Bachelor of Business Administration (BBA) from Preston University. Beginning his career as a business development and legal consultant in 2002, he advised multiple emerging commercial enterprises, guiding them into multi-million-dollar contracting entities. Later in his career, Mr. Nasiri served as Director of Operations and Project Management at Agence Française de Développement (AFD - French Development Agency). In this capacity, he directed French overseas development assistance across Afghanistan, managing a multi-sector portfolio exceeding €50 Million across infrastructure, agriculture, health, education, and banking. He supervised and mentored up to 10 dedicated Project Management Units (PMUs) established across government ministries, ensuring rigorous FIDIC contract governance and donor compliance.

SABER IBRAHIMI — Senior International Development Advisor

Mr. Saber Ibrahimi holds a Master's Degree in International Development and a Bachelor's Degree in Political Science from Fairleigh Dickinson University (New Jersey, United States). He brings over 12 years of specialized experience in international development programming, results-based management, and institutional reform. Mr. Ibrahimi previously served as Program Officer and Results Management Coordinator with the UK Department for International Development (DFID), managing high-level governance portfolios including the Independent Administrative Reform and Civil Service Commission (IARCSC) reform initiative and the Center of

Government support project. He has also advised the Norwegian Refugee Council (NRC) and Zoa Refugee Care on monitoring, evaluation, and community-driven reintegration programs.

7. Strategic Institutional Alliances & Global Consortium

PUL Consulting Services maintains long-term formal cooperation agreements with specialized affiliate organizations, enabling turnkey multidisciplinary delivery across international and national domains:

1. PUL Global Partners LLC (Virginia, United States) Established in 2018 in Stafford & Fairfax, Virginia, PUL Global Partners LLC serves as our international bridge for U.S. Federal Government contracting, prime contractor subcontracting, and global trade facilitation. Registered in SAM.gov (CAGE Code: 08P09, UEI: UZHKYJLD5YK9), PUL Global Partners enables compliant contracting mechanisms under U.S. FAR/DFARS standards alongside ground delivery.

2. Buy Afghan Platform (Global Market Access Initiative) A joint commercial initiative between PUL Consulting Services and PUL Global Partners established to connect Afghan producers and artisans with global buyers. Focuses on high-value export sectors where USAID and international donors have invested heavily, including handmade carpets, saffron, lapis lazuli, emeralds, and dried fruits.

3. Engineering Partnership Research and Service Organization (EPRSO) A non-governmental specialized technical body providing engineering management, Construction Quality Management (CQM), construction safety, and quality assurance services. Through our joint cooperation agreement, PUL and EPRSO certified 300 civil engineering graduates across Kabul, Nangarhar, and Kandahar under USAID ASMED.

4. Afghan Animation Foundation Group (A2FG) / Afghan Animation House A collective of premier Afghan animators, illustrators, and multimedia producers. Operates in formal partnership with PUL Media & Production to deliver 3D architectural animations, civic education video series, motion graphics, and broadcast outreach.

5. Linguist Point International (Dedicated Language Solutions Division) Dedicated linguistic partner managing a network of over 200 accredited native translators across 100+ language combinations, state-of-the-art wireless digital conference interpretation equipment, and soundproof interpretation booths.

6. Quantu Tech LLC (Enterprise AI & Technology Systems Partner) U.S.-registered technology partner engineering enterprise AI adoption, bilingual OCR, automated document intelligence, cloud systems architecture, and automated workflow pipelines.

8. Corporate Governance, Fiduciary Controls & Duty of Care

• **Zero-Tolerance Anti-Corruption:** Strict adherence to anti-bribery, ethics, and conflict-of-interest standards aligned with USAID ADS, World Bank, and UN guidelines. All financial disbursements are conducted through licensed commercial banks with verifiable digital trails. • **7-Year Statutory Audit Archival:** All contracts, signed employee timesheets, biometric attendance logs, tax receipts, and procurement tenders are retained in dual encrypted cloud and physical archives for minimum 7-year statutory retention periods. • **Community-Accepted Operating Posture:** In high-security and transition environments, PUL maintains low-profile, community-accepted operating protocols. We coordinate with provincial elders and administrative councils, ensuring continuous operational access and safeguarding field teams. • **Environmental & Social Safeguards:** Rigorous compliance with gender equity, non-discrimination, environmental protection, and cultural respect across all provincial deployments.

9. Corporate Contacts & Engagement Details

PUL Consulting Services welcomes discussions with contracting officers, international donor agencies, bilateral missions, multinational primes, and private sector enterprises seeking disciplined, audit-compliant field delivery across Afghanistan:
